## About WGM

Watts, Griffis and McOuat Limited (**WGM**) is an independent firm of consulting geologists and engineers that provides value-added professional services of the highest standards to the global mineral resource industry. From grass-roots exploration through to mine closure, our expertise in project management, mineral resource and reserve estimates, technical reports, due diligence reviews, and property valuations, has distinguished WGM as the most trusted name in exploration and mining since 1962.

## Contact Us

Call us at any of our worldwide locations, or send us an email at [info@wgm.ca](mailto:info@wgm.ca). Also visit us online at [wgm.ca](http://wgm.ca).

**Toronto** (416) 364-6244

**Vancouver** (604) 682-1929

**Beijing** (86)01062241091

## Diamonds

WGM has conducted exploration and development related studies for open pit and underground diamond projects worldwide.

Through its strategic alliance with Diamond Counsellor International ("DCI"), WGM is also able to provide independent estimates of diamond quality and value. DCI was founded by Milos Vainer and Martyn Marriott and their associates in the early 1970s. DCI's diamond valuation team includes Michael Elwes, Rogan Maclean, Peter Talbot-Ponsonby and Andy Ward, all former CSO personnel.

## Key Projects

**Marten River Project, Ontario, Canada** - Data compilation and NI 43-101 report

**Courageous Lake Property, Canada** - Technical review, fair market value study

**Kennedy Lake Kimberlite Pipes, NWT, Canada** - 3-D modeling of kimberlite pipes and Gemcom training

**Review of Diamond Projects, NWT, Canada** - Geological and technical review of kimberlite pipes, including 3-D modeling and Mineral Resource estimates

**Samada Mine, South Africa** - Review of Mineral Reserves for proposed production expansion project

**Loxton and Frank Smith Mines, South Africa** - Due diligence report of geology, Mineral Reserves, mining methods, costs and financial analysis for expansion of operations

**Koidu Kimberlite Project and Alluvial Diamond Deposits, Sierra Leone** - Review of geology, and due diligence of Mineral Resources/Reserves, financial analysis and valuation of properties

**Review of Diamond Properties, Botswana** - Qualifying report on geology and exploration programs

**Camafuca Pipe, Angola** - Mineral Resource audit and Gemcom training

**Chapada and Santo Inacio Properties, Brazil** - Review and valuation of Mineral Resources/Reserves of alluvial and kimberlite properties

**Diamond Projects, Yakutia, Russia** - Organized tour of various deposits, conducted a diamond exploration and mining workshop and completed book of abstracts from previously unpublished Russian papers
